PRICE TWO CENTS

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mr. E. Dugdale, who is a prominent business man of Warsaw, N. Y., writes: "For 28 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I kept them at hand and a single dose dispels any old symptoms."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

WAR INVESTIGATION

Captain Grigsby, Dr. Haysel and Major Gallagher Testify.

SURGEON TABOR INQUIRY

Was Charged That Private Parret's Death Was Due to Neglect of the Surgeon's. Board Submits Evidence, but Makes No Recommendation—Evacuation of the Island of Cuba.

Washington, Oct. 11.—The war investigating commission had three witnesses before it yesterday. Captain Oliver of the Grigsby's rough riders, Dr. Haysel, chief surgeon of the Second division, located at Camp Thomas, and Major Gallagher, who was in charge of various commissary depots in the Santiago campaign. Dr. Haysel's testimony dealt with the sanitary and hospital conditions at Camp Thomas. He said that there was less typhoid fever in the troops of the Second division than in the other divisions and stated that upon his advice the division had secured its water from outside springs instead of from the Chikamauga river, as he considered the river water liable to be impure.

Major Gallagher detailed the process of supplying rations to the troops in the field. He said that at one time there was a deficiency in coffee and sugar for two days and expressed the opinion that this shortage would have proved serious if it had continued for any length of time. He said the supply of lighters was not sufficient to permit the accumulation of any considerable quantity of food at any one time.

TABOR INVESTIGATION.

Board Simply Submits Testimony, Making No Recommendations.
Washington, Oct. 11.—The board of inquiry appointed to investigate the charges against Contract Surgeon Tabor, growing out of the death at Camp Wikoff of Private Hugh Parrett, has submitted its report to Secretary Alger. The board presents simply the testimony taken in the course of the inquiry, making no recommendations.

The charges against Dr. Tabor were, in brief, that he neglected to attend and prescribe for Private Parrett, and that the soldier's death was due directly to the negligence or incompetence of the surgeon.

The evidence taken by the board shows that Dr. Tabor did prescribe for Parrett and that he attended him twice on the day of his death. Not 15 minutes before the man died Dr. Tabor was talking to him in front of his tent. The man was then suffering from a case of acute pneumonia, superinduced by a bath which he had taken in the surf only a short time before.

The evidence further shows that Dr. Tabor was very cross with Parrett and that he spoke to him sharply. This was accounted for in the testimony by the fact that Dr. Tabor was himself nearly ill from the effects of the hard work he had been doing and his nerves were unstrung.

CUBA AND PORTO RICO.

Peace Commission Has No Trouble With Them—But the Philippines!
Paris, Oct. 11.—It is believed that the questions now being discussed relate to Cuba and the adjustment of the debt of that island. The Paris newspapers show evidence of anxiety in behalf of the Spanish cause.

The Matin alleges that an understanding regarding Cuba and Porto Rico was possible "as the United States claims everything and Spain refuses."

Many a man sits silent and alone in a home of mourning and conjures up before his eyes the face and form of the woman who was once a loving wife and a faithful helpmate. In thousands of such cases the wife might still be alive and well and happy, had the man been not only a good husband, but a wise adviser. Women shrink from the ordeal of consulting a physician. They shudder at the thought of submitting to the obnoxious examinations insisted upon by most physicians.

In the majority of cases they have none of this hesitancy about consulting their husbands. A wise man will understand at once that troubles of this description will soon break down a woman's general health. He will understand that a specialist of eminence and world wide reputation should be frankly consulted at once. Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., is one of the most eminent and widely known specialists in the world. With the assistance of a staff of able physicians, he has prescribed for many thousands of ailing women. He has discovered a wonderful medicine for women that may be used in the privacy of their homes. It is known as Dr. Pierce's Favorite Prescription. It cures surely, speedily and permanently all weakness and disease of the distinctly feminine organism. It alleviates inflammation, heat of the womb, sores, pain, gives rest to the tortured nerves, and checks debilitating drains.

nothing, but the difficulty arises on the question of the Philippine Islands." The Matin closed its remarks on the subject by expressing the belief that "We shall see the republic, which has just shown herself to be so brave and strong, show herself also generous."

GETTING OUT OF CUBA.

Spain Has Evacuated the Entire Southern Coast Line.

Washington, Oct. 11.—Advices received at the war department indicate that the evacuation of Cuba by the Spanish forces is proceeding satisfactorily and smoothly. The threatened trouble at Manzanillo has blown over and the Spaniards have yielded control to the American forces.

The following dispatch was received last night at the war department from General Wade: "Spanish forces evacuating Manzanillo today, vacates military control of Spain of entire southern coast line west to the jurisdiction of Juaro."

AGUINALDO

Refused to Allow British Seaman to Bury a Sailor, But Changed His Mind.
Manila, Oct. 11.—Lieutenant Wilcox and six men from the flagship Olympia, have gone to the northern provinces. Aguinaldo, Sunday, refused to permit a funeral party belonging to the British cruiser Powerful, to go to the cemetery because they carried rifles with which to fire the usual salute over the remains of a member of the ship's company. Representations were made to the insurgent leader yesterday, with the result that the funeral was held in the manner and at the place proposed.

Muster Out.

Indianapolis, Oct. 11.—The muster ing out of the soldiers ordered here will begin today, Lieutenant Colonel May officiating.

HURRYING THEM UP.

Standards Must Be Out of Porto Rico by Oct. 18.

San Juan de Porto Rico, Oct. 11.—Wild rumors of depredations in the western part of the island continue, but there is little foundation for them, though a certain disorderly element is still seeking the opportunity of personal vengeance.

Inquiry here as to these stories, which are of Spanish origin, shows that they are greatly exaggerated.

The American evacuation commissioners received an important communication from Washington and at the joint session yesterday the Americans told the Spaniards it would be necessary to complete the evacuation by Oct. 18, undertaking to supply transportation for the remainder of the Spanish troops at that date, if it should be necessary.

Dr. Haidkoper will return to Washington at the first opportunity to meet any charges. He will stand on his Chickamauga record and his work done here, which is approved by his superiors. He says he will make trouble for any unjust accusers, and is prepared to demand a board of inquiry.

Soldier Fatally Wounded.

Jacksonville, Fla., Oct. 11.—John Corbett, Company A, First North Carolina, was shot and fatally wounded here by Clint Robinson, Company I, Fourth Illinois. While intoxicated Corbett assaulted Robinson with an ax. Robinson at first shot into the air, but finally had to bring Corbett down to save his own life.

Lieutenant McCoy Dead.

Vincennes, Ind., Oct. 11.—Lieutenant Charles D. McCoy, Company A, One Hundred and Fifty-ninth Indiana, is dead of typhoid fever. He was 28 years old. Burial took place today.

PENSIONS.

Commissioner Evans Defends Himself Against False Reports.

Washington, Oct. 11.—There has been wide circulation given to the story originating at the recent annual encampment of the G. A. R. at Cincinnati, that "the commissioner of pensions had called his chiefs together and instructed them to disregard totally every application based on deafness and rheumatism in the adjudication of claims for pensions." Commissioner Evans authorizes the following statement:

1. No such instructions were given.
2. As to "deafness" the present medical referee of the bureau, Dr. J. F. Raub, a prominent G. A. R. man, says there has been no change in the adjudication of claims for "deafness" since Dec. 4, 1891.
3. As to "rheumatism," the present chief of the board of review, Colonel F. D. Stephenson, also a prominent G. A. R. man, says there has been no change in the adjudication of claims for "rheumatism" since he came to the bureau in 1899.

There has been no change in the laws, therefore no change in the practice during the present administration.

PARNELLITES

Anglo-American Alliance Project Denounced—Political Prisoners.

Dublin, Oct. 11.—The Parnellite convention was opened here yesterday. John E. Redmond presiding, said that it was incredible that a statesman with Mr. Chamberlain's experience and astuteness should declare that the passing of the Irish local government bill satisfied the aspirations of Irishmen. The Parnellites would not be satisfied until they secured home rule.

Resolutions were passed in favor of home rule, approving the local government act, denouncing the project of an Anglo-American alliance and urging the release of political prisoners.

FARMERS WORRIED.

Wheat Has Advanced Much Too Rapidly—In Poor Condition For Winter.

Martinsville, Ind., Oct. 11.—The condition of wheat is causing the farmers considerable worry. On account of the backward frosts, it has advanced much too rapidly, and is in poor condition for the winter. Much of it was sowed early, and is now as far advanced as it should be March 1. Many farmers are arranging to pasture their wheat fields, or to mow them with a mowing machine.

Apple Famine.

Dublin, Ind., Oct. 11.—This section of the country is in a perfect famine for apples. Not for years has this fruit been as scarce as this season. A good barrel of apples would certainly command a good premium. All other kinds of fruit were plenty in their season, but are now gone.

SPANISH MILITARY CLUB

Going Out of Business In Havana—Portion of the Comal's Cargo to Be Distributed In Cuba's Capital—Rear Admiral Sampson Convalescing—Visiting Cuban Camps.

Havana, Oct. 11.—Louis Kempner, United States postal agent at Santiago, arrived here yesterday on his way to Washington, where he has been called on matters relating to the postal service. He reports that the concentration of Spanish troops at Cienfuegos is being actively pushed, about 1,500 men being brought there weekly from the ports between Manzanillo and Cienfuegos on the south coast.

Mr. Kempner has visited the Spanish postoffices at Manzanillo, Tamas, Juaro and Cienfuegos, and will make a report upon their condition, suggesting radical improvements in the postal system of the island.

A meeting of great importance, it is said, will be held in a few days at some point in Havana province of all the commanding officers in the Cuban army. General Maximo Gomez will preside. The proceedings will have significance as deciding the future policy of the Cuban army in the island.

Inspecting Cuban Camps.
Advices from Cardenas received yesterday report the arrival there of Colonel Rowan and Lieutenant Parker, en route from Santiago and who have been visiting the Cuban camps on the way under a special commission from the United States government.

Today they were to visit Brigadier General Carlos Rojas at Camp Varadero, leaving for Matanzas by rail in the course of the afternoon.

The Spanish military club of Havana held a meeting yesterday and resolved to dissolve. The club's furniture will be sold, one-third of the proceeds going to the public orphan asylum of Havana, and the other two-thirds to the asylum for the orphans of the soldiers of Spain.

The Red Cross steamer Antonio is expected today from Matanzas with relief supplies. All cases of destitution there have been attended to by the Comal, which has a considerable surplus remaining. A portion of the Comal's and San Antonio's cargoes will be distributed here.

SANTIAGO

Yellow Fever Practically Stamped Out of the City.

Santiago de Cuba, Oct. 11.—The health of the United States troops now in the province of Santiago has considerably improved, not more than 10 per cent now being on the sick list. Most cases are merely light malarial fevers. Yellow fever has been practically stamped out of the city by the systematic cleaning process put into operation.

For weeks Major Barbour has had 600 men engaged in carting away the filth of generations, which is burned at the crematoriums.

General Lawton is well satisfied with the soldierly qualities displayed by his men since they have been here; and all reports from other places in the province as to the behavior of the American troops are equally satisfactory.

General Wood advises investors not to come to Cuba if they intend to purchase land, as the records and archives have been left in a shocking state by the Spaniards.

Lockport, Ky., Oct. 11.—Joseph Razor of this place waited 63 years for the woman he loved, or nine times as long as Jacob waited for Rachel. Razor is 86 years of age. Many decades ago, when Joseph was a strapping young man of 23 years, and Martha was a little country lass just passing from childhood, they went to school together and fell in love. But, though they continued to care for each other, they did not marry, at least not until the woman had tried respectively several husbands.

Mrs. Eldins, now Mrs. Razor, is known all through Henry county as "Aunt Martha." Her second husband's name was Dewey, and he was an uncle of the hero of Manila. There are still relatives of the admiral of his name living near here.

If they resisted the government would not rest till the recalcitrants have been captured and that the Bear Islanders would not then be permitted to occupy the islands again. This message reached the chiefs with signs of evident pleasure and they all signified their approval of them. It is believed the Pillagers will accept them.

Pana, Ill., Oct. 11.—A number of striking miners went to Virden last night to reinforce the strikers there in their efforts to prevent the importation of a trainload of Alabama negroes. TABOR INVESTIGATION.

Board Simply Submits Testimony, Making No Recommendation.

Washington, Oct. 11.—The board of inquiry appointed to investigate the charges against Contract Surgeon Tabor, growing out of the death at Camp Wikoff of Private Hugh Parrett, has submitted its report to Secretary Alger. The board presents simply the testimony taken in the course of the inquiry, making no recommendations.

The charges against Dr. Tabor were, in brief, that he neglected to attend and prescribe for Private Parrett, and that the soldier's death was due directly to the negligence or incompetence of the surgeon. The evidence taken by the board shows that Dr. Tabor did prescribe for Parrett and that he attended him twice on the day of his death. Not 15 minutes before the man died Dr. Tabor was talking to him in front of his tent. The man was then suffering from a case of acute pneumonia, superinduced by a bath which he had taken in the surf only a short time before.

The evidence further shows that Dr. Tabor was very cross with Parrett and that he spoke to him sharply. This was accounted for in the testimony by the fact that Dr. Tabor was himself nearly ill from the effects of the hard work he had been doing and his nerves were unstrung.

CUBA AND PORTO RICO. Peace Commission Has No Trouble With Them—But the Philippines!

Paris, Oct. 11.—It is believed that the questions now being discussed relate to Cuba and the adjustment of the debt of that island. The Paris newspapers show evidence of anxiety in behalf of the Spanish cause.

The Matin alleges that an understanding regarding Cuba and Porto Rico was possible "as the United States claims everything and Spain refuses."

Many a man sits silent and alone in a home of mourning and conjures before his eyes the face and form of the woman who was once a loving wife and a faithful helpmate. In thousands of such cases the wife might still be alive and well and happy, had the man been not only a good husband, but a wise adviser. Women shrink from the ordeal of consulting a physician. They shudder at the thought of submitting to the obnoxious examinations insisted upon by most physicians.

In the majority of cases they have none of this hesitancy about consulting their husbands. They understand that at once that troubles of a woman's general health. He will understand that a specialist of eminence and world wide reputation should be frankly consulted at once. Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. is one of the most eminent and widely-known specialists in the world. With the assistance of a staff of able physicians, he has prescribed for many thousands of ailing women. He has discovered a wonderful medicine for women, that may be used in the privacy of their homes. It is known as Dr. Pierce's Favorite Prescription. It cures surely, speedily and permanently all weakness and disease of the distinctly feminine organism. It allays inflammation, heals ulceration, soothes pain, gives rest to the tortured nerves, and checks debilitating drains.

nothing, but the difficulty arises on the question of the Philippine Islands." The Matin closed its remarks on the subject by expressing the belief that "We shall see the republic, which has just shown herself to be so brave and strong, show herself also generous."

GETTING OUT OF CUBA.

Spain Has Evacuated the Entire Southern Coast Line.

Washington, Oct. 11.—Advises received at the war department indicate that the evacuation of Cuba by the Spanish forces is proceeding satisfactorily and smoothly. The threatened trouble at Manzanillo has blown over and the Spaniards have yielded control to the American forces.

The following dispatch was received last night at the war department from General Wade: "Spanish forces evacuating Manzanillo today, vacates military control of Spain of entire southern coast line west to the jurisdiction of Jacaro."

AGUINALDO

Refused to Allow British Seaman to Bury a Sailor, but Changed His Mind.

Manila, Oct. 11.—Lieutenant Wilcox and six men from the flagship Olympia, have gone to the northern provinces. Aguinaldo, Sunday, refused to permit a funeral party belonging to the British cruiser Powerful, to go to the cemetery because they carried rifles with which to fire the usual salute over the remains of a member of the ship's company. Representations were made to the insurgent leader yesterday, with the result that the funeral was held in the manner and at the place proposed.

Muster Out.

Indianapolis, Oct. 11.—The muster ing out of the soldiers ordered here will begin today, Lieutenant Colonel May officiating.

HURRYING THEM UP.

Spaniards Must Be Out of Porto Rico by Oct. 18.

San Juan de Porto Rico, Oct. 11.—Wild rumors of depredations in the western part of the island continue, but there is little foundation for them, though a certain disorderly element is still seeking the opportunity of personal vengeance.

Inquiry here as to these stories, which are of Spanish origin, shows that they are greatly exaggerated. The American evacuation commissioners received an important communication from Washington and at the joint session yesterday the Americans told the Spaniards it would be necessary to complete the evacuation by Oct. 18, undertaking to supply transportation for the remainder of the Spanish troops at that date, if it should be necessary.

Dr. Haidekoper will return to Washington at the first opportunity to meet any charges. He will stand on his Chickamanga record and his work done here, which is approved by his superiors. He says he will make trouble for any unjust accusers, and is prepared to demand a board of inquiry.

Soldier Fatally Wounded.

Jacksonville, Fla., Oct. 11.—John Corbett, Company A, First North Carolina, was shot and fatally wounded here by Clint Robinson, Company I, Fourth Illinois. Lieutenant McCoy Dead. Vincennes, Ind., Oct. 11.—Lieutenant Charles D. McCoy, Company A, One Hundred and Fifty-ninth Indiana, is dead of typhoid fever. He was 28 years old. Burial took place today.

PENSIONS.

Commissioner Evans Defends Himself Against False Reports.

Washington, Oct. 11.—There has been wide circulation given to the story originating at the recent annual encampment of the G. A. R. at Cincinnati, that "the commissioner of pensions had called his chiefs together and instructed them to disregard totally every application based on deafness and rheumatism in the adjudication of claims for pensions." Commissioner Evans authorized the following statement:

1. No such instructions were given. 2. As to "deafness" the present medical referee of the bureau, Dr. J. F. Rauh, a prominent G. A. R. man, says there has been no change in the adjudication of claims for "deafness" since "Dec. 4, 1891." 3. As to "rheumatism," the present chief of the board of review, Colonel F. D. Stephenson, also a prominent G. A. R. man, says there has been no change in the adjudication of claims for "rheumatism" since he came to the bureau in 1899.

There has been no change in the laws, therefore no change in the practice during the present administration.

PARNELLITES

Anglo-American Alliance Project Denounced—Political Prisoners.

Dublin, Oct. 11.—The Parnellite convention was opened here yesterday. John E. Redmond presiding, said that it was incredible that a statesman with Mr. Chamberlain's experience and astuteness should declare that the passing of the Irish local government bill satisfied the aspirations of Irishmen. The Parnellites would not be satisfied until they secured home rule.

Resolutions were passed in favor of home rule, approving the local government act, denouncing the project of an Anglo-American alliance and urging the release of political prisoners.

FARMERS WORRIED.

Wheat Has Advanced Much Too Rapidly—In Poor Condition For Winter.

Martinsville, Ind., Oct. 11.—The condition of wheat is causing the farmers considerable worry. On account of the backward frosts, it has advanced much too rapidly, and is in poor condition for the winter. Much of it was sowed early, and is now as far advanced as it should be March 1. Many farmers are arranging to pasture their wheat fields, or to mow them with a mowing machine.

Apple Famine.

Dublin, Ind., Oct. 11.—This section of the country is in a perfect famine for apples. Not for years has this fruit been as scarce as this season. A good barrel of apples would certainly command a good premium. All other kinds of fruit were plenty in their season, but are now gone.

IMPORTANT MEETING

Soon to Be Held in Cuba at Which Gomez Will Preside.

SPANISH MILITARY CLUB

Going Out of Business in Havana—Portion of the Comal's Cargo to Be Distributed in Cuba's Capital—Rear Admiral Sampson Convalescing—Visiting Cuban Camps.

Havana, Oct. 11.—Louis Kempner, United States postal agent at Santiago, arrived here yesterday on his way to Washington, where he has been called on matters relating to the postal service. He reports that the concentration of Spanish troops at Cienfuegos is being actively pushed, about 1,500 men being brought there weekly from the ports between Manzanillo and Cienfuegos on the south coast.

Mr. Kempner has visited the Spanish postoffices at Manzanillo, Tamas, Jacaro and Cienfuegos, and will make a report upon their condition, suggesting radical improvements in the postal system of the island.

A meeting of great importance, it is said, will be held in a few days at some point in Havana province of all the commanding officers in the Cuban army. General Maximo Gomez will preside. The proceedings will have significance as deciding the future policy of the Cuban army in the future.

Inspecting Cuban Camps.

Advices from Cardenas received yesterday report the arrival there of Colonel Rowan and Lieutenant Parker, en route from Santiago and who have been visiting the Cuban camps on the way under a special commission from the United States government. Today they were to visit Brigadier General Carlos Rojas at Camp Varadero, leaving for Matanzas by rail in the course of the afternoon.

The Spanish military club of Havana held a meeting yesterday and resolved to dissolve. The club's furniture will be sold, one-third of the proceeds going to the public orphan asylum of Havana, and the other two-thirds to the asylum for the red crosses of the soldiers of Spain. The Red Cross steamer Antonio is expected today from Matanzas with relief supplies. All cases of destitution there have been attended to by the Comal, which has a considerable surplus remaining. A portion of the Comal's and San Antonio's cargoes will be distributed here.

Senior Giranta, secretary to the Spanish evacuation commission, delivered yesterday to Colonel Closs, secretary to the American commission, an official reply to the request of the American commissioners for the number of Spanish troops that had left the island since Aug. 16.

Senior Perfecto Lacoste, president of the Cuban relief committee, called yesterday upon General Wade and Porter to thank them for their offer of supplies for the troops in the different Cuban camps.

The camps in the vicinity of Havana spent yesterday in celebrating the anniversary of the Cuban uprising at Yara in 1895. The evening was spent in dancing and merry-making.

Rear Admiral Sampson is feeling much better. He has been at the Hotel Trocha. The other members of the commission are in excellent health.

SANTIAGO.

Yellow Fever Practically Stamped Out of the City.

Santiago de Cuba, Oct. 11.—The health of the United States troops now in the province of Santiago has considerably improved, not more than 10 per cent now being on the sick list. Most cases are merely light malarial fevers. Yellow fever has been practically stamped out of the city by the systematic cleaning process put into operation.

For weeks Major Barbour has had 600 men engaged in carting away the filth of generations, which is burned at the crematoriums.

General Lawton is well satisfied with the soldierly qualities displayed by his men since they have been here; and all reports from other places in the province as to the behavior of the American troops are equally satisfactory.

General Wood advises investors not to come to Cuba if they intend to purchase land, as the records and archives have been left in a shocking state by the Spaniards.

A man with a little capital would do well here with a steam laundry, an American bakery or a small store with good groceries. Such enterprises could be made to pay from the very outset.

CHICAGO DAY

Celebration of the Hamilton Club of the Windy City.

Chicago, Oct. 11.—The annual Chicago day celebration of the Hamilton club was held yesterday in the Auditorium theater. Chauncey M. Depew, as guest of the club, was the principal speaker, and the great hall was packed to suffocation long before the hour set for his appearance. Around the galleries, over the boxes and on the great arch above the stage were flags and bunting, surrounding the silken coat-of-arms of the different states, while portraits of military and naval heroes were everywhere. Just previous to the introduction by President Cody of Judge Peter Grosscup, who spoke briefly, battle songs and national anthems were given by a chorus of 200 voices, assisted by the United States band and the Auditorium organ. At the conclusion of Judge Grosscup's speech Mr. Depew was introduced amid wild applause.

OUTCLASSED JACOB.

Joseph Razor Waits Sixty-Three Years For His Wife.

Lockport, Ky., Oct. 11.—Joseph Razor of this place waited 63 years for the woman he loved, or nine times as long as Jacob waited for Rachel. Razor is 86 years of age. Mrs. Martha Eddins, whom he married, is 75. Many decades ago, when Joseph was a strapping young man of 23 years, and Martha was a little country lass just passing from childhood, they went to school together and fell in love. But, though they continued to care for each other, they did not marry, at least not until the woman had tried respectively several husbands.

Mrs. Eddins, now Mrs. Razor, is known all through Henry county as "Aunt Martha." Her second husband's name was Dowe, and he was an uncle of the hero of Manila. There are still relatives of the admiral of his name living near here.

INDIAN TROUBLES

General Bacon Talks With Chief Flatmouth and Other Leaders.

Walker, Minn., Oct. 11.—The Indian council was held at the agency yesterday afternoon and was attended by Flatmouth and representative delegations. General Bacon and Inspector Tinker told the Bear Islanders that if they would give up the men for whom warrants have been issued and come in themselves they could go home. If they resisted the government would not rest till the recalcitrants have been captured and that the Bear Islanders would not then be permitted to occupy the islands again. This message reached the hostiles by runners last night. General Bacon's terms were received by the chiefs with signs of evident pleasure and they all signified their approval of them. It is believed the Pillagers will accept them.

Major Lee, our candidate for congress is making some speeches in Bartholomew county this week.

JOSEPH SIMON, the new senator from Oregon, has for years been one of the most active republicans in that state. He is squarely in line with his party on all the great questions before the country.

It is by no means the majority of the voters of the county who will lend aid to the old ring that saddled a debt on Jackson county that is twice as large as the debt of any other county in this part of the state.

The net indebtedness of Jackson county is \$129,000 more than twice as much as any other county in this part of the state, more than any of the other counties in the southern part of the state save Spencer and Vanderburg. What have we to show for such a vast indebtedness? Is it not time that the old office holders were succeeded by men who will administer the affairs of the county in the interest of the people.

A Heavy Storm.

Prevailed here all of last night. The lightning was keen, the thunder was heavy and the rain a constant down-pour. Another rain just as heavy fell this morning making the total fall over 2 1/2 inches. It cleared away with the appearance of settled weather for a while.

Paving the Alley.

Work was begun today grading preparatory to paving with brick the alley through the block north of Second street between Chestnut street and Indianapolis avenue. The work will be pushed rapidly.

WILL DECEIVE NO ONE.

It is quite evident that the so called republican convention at Brownstown Saturday was called at the instigation of the old office holders ring at Brownstown. The slim attendance after so much personal work to get out a crowd is evidence that the methods of the ringsters will deceive no one. The men who were outwardly the most active have aided the ring before with their influence and votes and do not deny it. Their purpose now is to deceive others and thereby aid the Burrell ticket. They presume that the rank and file of their party are not shrewd enough to see through their designs, but such is not the fact. Jackson county citizenship is intelligent and not so easily deceived. The republicans of this county are wide awake and will not be thus entrapped by the old ring or its agencies. Let us work together for the overthrow of the ringsters and the triumph of the citizens' ticket.

School began here last Monday week with Benj. Henderson as teacher. The two schools have been consolidated into one, which is not the best wishes of the people.

Brownstown had a sham battle and a convention of confused republicans last Saturday. They liked the citizens' ticket so well that they indorsed a part but we don't think the fusionists will be caught with that kind of bait.

Our little boy was afflicted with rheumatism in his knee; and at times unable to put his foot to the floor. We tried in vain, everything we could hear of that we thought would help him. We almost gave up in despair, when some one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave so much relief that we got a second one, and, to our surprise, it cured him sound and well.—J. T. Bays, Pastor Christian Church, Neodesha, Kan.—For Sale by C. W. Milhouse.

A great many people from South Driftwood went to Brownstown Saturday to see the exhibition skirmish given by Co. G 159th Inf. U. S. V.

Suffering humanity should be supplied with every means possible for its relief. Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. O, Ye of Little Faith

But when an honest man 63 years of age and who has lived in our city for thirty years and owns his own property speaks, you must give ear to his words and have faith in what he recommends. For that reason we publish for the benefit of Seymour people the statement of Mr. A. H. West, 21 North St., Saginaw, Mich., as follows: "My back was very lame, was quite nervous at times, and my general health was seriously impaired. Some time ago I was induced try Morrow's Kid-neo-ids of which I had heard a great deal, and I procured the remedy. I had not much faith in it as I have previously tried a large number of kidney pills and kidney remedies without any particular benefit, but I want to say that I got simply wonderful relief within two days after commencing the use of Kid-neo-ids and that I am now entirely cured."

I regard my case as severe test of the medicine, as so many others had failed me. My advice to kidney sufferers is to give Morrow's Kid-neo-ids a thorough trial and find relief as I did.

Mr. West had no faith at first but the assurance of his friends induced him to try one more. The result is given above. Let Mr. West be your friend and if you suffer with backache, sleeplessness, nervousness etc. take his advice and use Morrow's Kid-neo-ids and get cured. Mr. West is a grateful man and will be glad to write you how much benefitted by the use of Morrow's Kid-neo-ids. If you will enclose a stamp for reply do not confound Morrow's Kid-neo-ids with any kind of kidney pills; they are not pills at all but yellow tablets which are put up in wooden boxes and sell at 50 cents. Morrow's Liverax are very small red pellets and cure constipation; they sell at 25 cents a box. Both of these remedies are for sale by all first class druggists and at Alpha. Cox Drug Store or will be mailed by the manufacturers on receipt of Price: John Morrow & Co., Cincinnati, Springfield Ohio.

Old fashioned dress may be revived, but no old-fashioned medicine can replace Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by C. W. Milhouse.

PLEASANT GROVE

Honeytown was well represented at church here Sunday night.

John Carr has moved on Curt Robertson's farm near Corland.

Mrs. Rachel McNiece is visiting her son, John Hays at Vincennes.

Dale Owens and Clem Lanier are building Mrs. Lizzie Wilcox's barn.

Attendance at Sunday school last Sunday was 49; collection 27 cents.

Charley Hays departed for his home at Bellaire, Ohio, last Saturday week.

Rev. J. L. Shroyer is back for another year. He is the right man in the right place.

Miss Emma Pifer returned to Indianapolis last Sunday after several days visit with her parents.

Our wideawake contractor, Dock Cornett has just completed a commodious residence for Hoyt Allison.

Ellsworth Richards has concluded to move to Little Rock, Ark., where he has a number of near relatives.

Ed. Coloway and wife, of Illinois, were here on a short stay last week. Mr. Coloway formerly resided in this vicinity.

The fusion candidates have begun to shake the bushes. All other office-seekers stand trembling while gazing at the hand writing on the wall.

The Honeytown Hummer seems to have gotten on the political editorial staff of the Brownstown Banner with orders to save the old ring if possible.

No road tax has been levied in Brownstown township this year and the side track highways are entirely neglected unless they point direct to the old Hub.

The Honeytown Hummer is losing his grip even on Honeytown as the citizens' ticket is working with the force of a cyclone. Get ye ready Mack for a trip up the briny stream.

The REPUBLICAN of last week broke its previous record for general news. Its readers can plainly see that anything in the news line that escapes Daniel Helper Brown is not worth catching.

In looking through the Banner we see the Hummer has made a violent attack on trustee E. R. White who has employed Miss Lottie Rust, one of the very best teachers in that township for that school. Mr. White is a clean official whose record is far beyond reproach.

The drill given by Co. G, at Brownstown last Saturday was extra good. The sham battle was an exciting picture of war and its carnage and was viewed by a large concourse of people. The company is having a grand good time during their 30 days furlough, but the time is near when they must bid goodbye again to loved ones. Their military future's unknown as they may go to the Philippines, 9,000 miles in the far off east. The boys are well disciplined and ready to do their duty whenever called. Capt. Ralph Applewhite is a shrewd commanding officer, so say the old veteran soldiers of '61 and '65.

An Eloquent Speaker.

True eloquence was voiced by John Spenger, of Catawba, O., when he says: "I had five large fever sores on my leg four years, and tried five doctors without benefit. All said I could not be cured, but I fooled them by curing myself with one bottle of Electric Bitters and one box of Bucklen's Arnica Salve." Electric Bitters is the greatest blood purifier known. It gently stimulates the stomach, liver, kidneys and bowels, so that poisonous matter can not remain in the system. It cures dyspepsia, malaria, constipation, nervousness, aids digestion, improves appetite, increases strength, gives new life. Prices 50 cents. Sold by Wm. F. Peter, Druggist.

Excursion to Indianapolis.

You can go to Indianapolis next Sunday for 75 cents. Excursion train leaves Seymour via Pennsylvania line at 9:21 a. m. central time. Returning leaves Indianapolis at 6 p. m., Oct. 16. Geo. D. Williams, Agent, Seymour, Ind.

Sympathetic Husbands.

The sympathetic tenderness of a loving husband is everything to an expectant mother, especially during her first ordeal. George Layton, Esq., a prominent druggist of Dayton, O., gives the following case:

"A customer of mine, whose wife has used four bottles of 'Mother's Friend' before confinement, says, after seeing the effects of the remedy, that if she had to go through the ordeal again, and there were but four bottles on the market, and the cost was \$100 per bottle, she would have them."

"Mother's Friend" is a scientifically compounded liniment which affords certain relief in the various ailments preceding childbirth, and assures proper elasticity to the cords and muscles involved in the final ordeal.

"Mother's Friend" is sold by druggists, or expressed on receipt of one dollar.

CHURCH NOTES.

Rev. S. H. Huffman went today to Peru on important Sunday school work. Elder H. C. Jackson, of Charlestown, who has ministered faithfully to the good people of Reddington for fourteen years has consented to serve them another year.

Elder H. C. Patterson had a very fair audience to hear him Sunday night at Armory Hall. His text was from 2nd Chron. 30 and 1-31st. He showed very plainly the necessity of holding protracted or revival meetings. His sermons contain just enough spice to prevent them from becoming tiresome and yet contain a wonderful amount of good solid logic and sound reasoning. Brother Patterson certainly is a wonderful reasoner. He has come to stay to a finish. His subject last night was "What I am here for" and was heard with interest and profit by all present. Hear him at Armory Hall tonight.

A LETTER.

DEAR BRO. JONES: Your letter and one from Bro. Camp received. I saw Bro. Patterson Friday p. m. on his way to Seymour. My heart has never been more bound up in the success of a meeting than in this one. Bro. Patterson appears to be at his best, but the success of the meeting will depend on the hustling ability of the membership during the day in getting out crowds for the night till the meeting is started, after which Bro. Patterson can hold them. Everything depends on so organizing so as to give everybody something to do, and the finance will depend largely on that also. Then run the meeting till it is finished. The only complaint that I have ever heard of Bro. Patterson's meetings is the one heard against John A. Logan in war, the moment of victory is the point at which he sometimes quits. Just as the enemy is thrashed he some times calls off the forces. Run this meeting to a finish. No truer man ever preached a sermon than Bro. Patterson. Hold him down till the meeting is in full swing, then order the general charge, and there'll be a hot time in the old town" before he gets done.

STATE HOUSE WELL

Dr. Hurty Pronounces the Water Unfit to Drink.

NICKUM CASE POSTPONED

Perpetual Light Man Will Not Be Tried Until the Next Term of Federal Court. Shot In a Scuffle—Paid the Amount Involved—New Incorporations—Other State Happenings.

Indianapolis, Oct. 11.—Secretary Hurty of the state board of health has given to the governor a sanitary analysis of the water from the driven well in the state house. It is as follows:

"This water contains four times the amount or normal chlorine for deep waters. It also carries the full limit of albuminoid ammonia and nitrates, and in addition contains suspicious bacteria. It at times possesses a distinct taste and smell. The amount of mineral matter is about twice that which is allowable for a wholesome drinking water. These facts warrant the statement that this water is not wholesome and, therefore, should not be used for drinking purposes."

Attorneys Lairy & Mahoney and John Lairy have been the legal advisers of Nickum during his preliminary bout with the postal authorities, and as it becomes generally known that the lawyers are backing their client, confidence in his claims is once more growing.

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a annoying sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

MAJOR LEE, our candidate for congress is making some speeches in Bartholomew county this week.

JOSEPH SIMON, the new senator from Oregon, has for years been one of the most active republicans in that state. He is squarely in line with his party on all the great questions before the country.

It is by no means the majority of the voters of the county who will lend aid to the old ring that saddled a debt on Jackson county that is twice as large as the debt of any other county in this part of the state.

The net indebtedness of Jackson county is \$129,990 more than twice as much as any other county in this part of the state, more than any of the other counties in the southern part of the state save Spencer and Vanderburg. What have we to show for such a vast indebtedness? Is it not time that the old office holders were succeeded by men who will administer the affairs of the county in the interest of the people.

A Heavy Storm.
 Prevailed here all of last night. The lightning was keen, the thunder was heavy and the rain a constant down-pour. Another rain just as heavy fell this morning making the total fall over 2 1/2 inches. It cleared away with the appearance of settled weather for a while.

Paving the Alley.
 Work was begun today grading preparatory to paving with brick the alley through the block north of Second street between Chestnut street and Indianapolis avenue. The work will be pushed rapidly.

WILL DECEIVE NO ONE.
 It is quite evident that the so called republican convention at Brownstown Saturday was called at the instigation of the old office holders ring at Brownstown. The slim attendance after so much personal work to get out a crowd is evidence that the methods of the ringsters will deceive no one. The men who were outwardly the most active have aided the ring before with their influence and votes and do not deny it. Their purpose now is to deceive others and thereby aid the Burrell ticket. They presume that the rank and file of their party are not shrewd enough to see through their designs, but such is not the fact. Jackson county citizenship is intelligent and not so easily deceived. The republicans of this county are wide awake and will not be thus entrapped by the old ring or its agencies. Let us work together for the overthrow of the ringsters and the triumph of the citizens' ticket.

PEARIDGE.
 Mrs. E. R. Reynolds is on the sick list.

Blmer Henderson and wife visited at his fathers Sunday.

School began here last Monday week with Benj Henderson as teacher. The two schools have been consolidated into one, which is not the best wishes of the people.

Brownstown had a sham battle and a convention of confused republicans last Sunday. They liked the citizens' ticket so well that they indorsed a part but we don't think the fusionists will be caught with that kind of bait.

SOUTH DRIFTWOOD.
 A great deal of corn is being cut for fodder on account of the drought.

M. B. Singer is having a new roof put on his barn in the "Pocket."

The newly sown wheat is in fine condition and a large acreage will be sown.

Omri Tuel and wife and Miss Florence Empson visited in the family of Holmes Empson Sunday.

A great many people from South Driftwood went to Brownstown Saturday to see the exhibition, skirmish given by Co. G 159th Inf. U. S. V.

Subscription papers are being circulated to obtain money to aid in bringing the body of Edward Walker here for burial. His identity will be proven beyond a doubt by so doing.

The reorganization of the Sunday school resulted in the selection of the following officers: Supt. John F. Wright, assistant Supt. F. M. Thompson; sec. Sallie Waskom; treas. Curtis Brewer.

Yellow Jaundiced Cured.
 Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am faithfully yours, M. A. Hogarty, Lexington, Ky." Sold by W. F. Peters, Drug Store.

Gravel hauling commenced by the Oak Grove school house and also one mile east of Acme last week.

We are glad to see Ezra Whitcomb's name on our ticket. Mr. Whitcomb is an honorable upright business man.

After a week's suffering Clifford, the one year old son of Silas Wright, died Sunday night, Oct. 9.

Farewell to the little friend.
 We miss you from the home;
 But where you are, life doesn't end
 And sorrows never come.

Parents, we share your sorrow.
 For the little one you miss.
 And hope with you for that Tomorrow.
 In a better world than this.

Spreads Like Wildfire.
 You can't keep a good thing down. News of it travels fast. When things are "the best" they become "the best selling." Abraham Hare, a leading druggist of Belleville, O., writes: "Electric Bitters are the best selling bitters I have ever handled in my 20 years experience. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudinous maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by Wm. F. Peters, Druggist."

EAST GRASSYFORK.
 Farmers are still sowing wheat.

Andrew Briner will move to Illinois soon.

Madison Cox has moved to Crothersville.

B. F. Lewis has been sorely afflicted like poor Job.

The bridge is completed at Trueblood's ford.

Just as the enemy is thrashed he some times calls off the forces. Run this meeting to a finish. No truer man ever preached a sermon than Bro. Patterson. Hold him down till the meeting is in full swing, then order the general charge, and "there'll be a hot time in the old town" before he gets done.

STATE HOUSE WELL.
 Dr. Hurty Pronounces the Water Unfit to Drink.

NICKUM CASE POSTPONED.
 Perpetual Light Man Will Not Be Tried Until the Next Term of Federal Court. Shot In a Scuffle—Paid the Amount Involved—New Incorporations—Other State Happenings.

Indianapolis, Oct. 11.—Secretary Hurty of the state board of health has given to the governor a sanitary analysis of the water from the driven well in the state house. It is as follows:

"This water contains four times the amount or normal chlorine for deep waters. It also carries the full limit of albuminoid ammonia and nitrates, and in addition contains suspicious bacteria. It at times possesses a distinct taste and smell. The amount of mineral matter is about twice that which is allowable for a wholesome drinking water. These facts warrant the statement that this water is not wholesome and, therefore, should not be used for drinking purposes."

CASE POSTPONED.
 S. B. Nickum's Trial For Alleged Improper Use of Mails.

Logansport, Ind., Oct. 11.—The case of S. B. Nickum will not be taken up until the next term of the federal grand jury. The inventor is improving the time by selling territory rapidly. The action of his three attorneys in investing in territory is regarded as significant by many. Attorneys Lairy & Mahoney and John Lairy have been the legal advisers of Nickum during his preliminary bout with the postal authorities, and as it becomes generally known that the lawyers are backing their client, confidence in his claims is once more growing.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing or us a bottle of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottle free at W. F. Peter's drug store. Regular size 50c and \$1.00. Every bottle guaranteed.

Sunday Trains on the Southern Indiana.

Some persons are under the impression that the Sunday trains on the Southern Indiana road will be discontinued at the close of the summer excursion season. Such is not the case. The Southern Indiana railway's popular Sunday train service at excursion rates, has proven to be a great accommodation to parties along that road and the management, ever alive to the interests of its patrons, will continue to run Sunday trains, taking changes in the schedule from time to time, as are best calculated to take care of its local travel.

Some Changes on the J. M. & I.
The following official changes on the J. M. & I. were made public last evening: G. L. Williams, the gentlemanly agent here for the past year, will go to Jeffersonville and succeed John W. Stratton, who will go with the Big Four as ticket agent at Jeffersonville, and Harry Coryell, the obliging operator here for the past seven years goes to Jeffersonville as operator and ticket clerk to Mr. Williams. Otis B. Sapington, of Louisville, will succeed Mr. Williams here and day operator Thomas B. Gore, of Columbus, and Thomas Stout, of Edinburgh, will be night operator. The changes will take effect about the 15th. The people of Seymour will regret very much to have Messrs. Williams and Coryell go to a new field of labor, as they stand in high favor here. Their successors are said to be obliging gentlemen and will be well received.

DIED.

A fifteen year old daughter of Edgar Holland, of near Stout's Mill, died Saturday, October 8, 1898 with typhoid fever. Two more of his children are very sick with the disease.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing or us a bottle of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night, and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottle free at W. F. Peter's drug store. Regular size 50¢ and \$1.00. Every bottle guaranteed.

Sunday Trains on the Southern Indiana.
Some persons are under the impression that the Sunday trains on the Southern Indiana road will be discontinued at the close of the summer excursion season. Such is not the case.

The Southern Indiana railway's popular Sunday train service at excursion rates, has proven to be a great accommodation to parties along that road and the management, ever alive to the interests of its patrons, will continue to run Sunday trains, taking changes in the schedule from time to time, as are best calculated to take care of its local travel.

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. E. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 25 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nerve. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no ill effects. I keep them at hand and a single dose dispels any old symptoms."

WAR INVESTIGATION

Captain Grigsby, Dr. Hessel and Major Gallagher Testify.

SURGEON TABOR INQUIRY

Was Charged That Private Parret's Death Was Due to Neglect of the Surgeon's. Board Submits Evidence, but Makes No Recommendation—Evacuation of the Island of Cuba.

Washington, Oct. 11.—The war investigating commission had three witnesses before it yesterday. Captain Oliver of the Grigsby's rough riders, Dr. Hessel, chief surgeon of the Second division, located at Camp Thomas, and Major Gallagher, who was in charge of various commissary depots in the Santiago campaign. Dr. Hessel's testimony dealt with the sanitary and hospital conditions at Camp Thomas. He said that there was less typhoid fever in the troops of the Second division than in the other divisions and stated that upon his advice the division had secured its water from outside springs instead of from the Chickamanga river, as he considered the river water liable to be impure.

Major Gallagher detailed the process of supplying rations to the troops in the field. He said that at one time there was a deficiency in coffee and sugar for two days and expressed the opinion that this shortage would have proved serious if it had continued for any length of time. He said the supply of lighters was not sufficient to permit the accumulation of any considerable quantity of food at any one time.

TABOR INVESTIGATION.

Board Simply Submits Testimony, Making No Recommendations.

Washington, Oct. 11.—The board of inquiry appointed to investigate the charges against Contract Surgeon Tabor, growing out of the death at Camp Wikoff of Private Hugh Parret, has submitted its report to Secretary Alger. The board presents simply the testimony taken in the course of the inquiry, making no recommendations.

The charges against Dr. Tabor were, in brief, that he neglected to attend and prescribe for Private Parret, and that the soldier's death was due directly to the negligence or incompetence of the surgeon.

The evidence taken by the board shows that Dr. Tabor did prescribe for Parret and that he attended him twice on the day of his death. Not 15 minutes before the man died Dr. Tabor was talking to him in front of his tent. The man was then suffering from a case of acute pneumonia, superinduced by a bath which he had taken in the surf only a short time before.

The evidence further shows that Dr. Tabor was very cross with Parret and that he spoke to him sharply. This was accounted for in the testimony by the fact that Dr. Tabor was himself nearly ill from the effects of the hard work he had been doing and his nerves were unstrung.

CUBA AND PORTO RICO.

Peace Commission Has No Trouble With Them—But the Philippines!

Paris, Oct. 11.—It is believed that the questions now being discussed relate to Cuba and the adjustment of the debt of that island. The Paris newspapers show evidence of anxiety in behalf of the Spanish cause.

The Matin alleges that an understanding regarding Cuba and Porto Rico was possible "as the United States claims everything and Spain refuses."

nothing, but the difficulty arises on the question of the Philippine Islands." The Matin closed its remarks on the subject by expressing the belief that "We shall see the republic, which has shown herself to be so brave and strong, show herself also generous."

GETTING OUT OF CUBA.

Spain Has Evacuated the Entire Southern Coast Line.

Washington, Oct. 11.—Advises received at the war department indicate that the evacuation of Cuba by the Spanish forces is proceeding satisfactorily and smoothly. The threatened trouble at Manzanillo has blown over and the Spaniards have yielded control to the American forces.

The following dispatch was received last night at the war department from General Wade: "Spanish forces evacuating Manzanillo today, vacates military control of Spain of entire southern coast line west to the jurisdiction of Juarez."

AGUINALDO

Refused to Allow British Seaman to Bury a Sailor, But Changed His Mind.

Manila, Oct. 11.—Lieutenant Wilcox and six men from the flagship Olympia, have gone to the northern provinces.

Aguinaldo, Sunday, refused to permit a funeral party belonging to the British cruiser Powerful, to go to the cemetery because they carried rifles with which to fire the usual salute over the remains of a member of the ship's company. Representations were made to the insurgent leader yesterday, with the result that the funeral was held in the manner and at the place proposed.

MUSTER OUT.

Indianapolis, Oct. 11.—The muster ing out of the soldiers ordered here will begin today, Lieutenant Colonel May officiating.

HURRYING THEM UP.

Spaniards Must Be Out of Porto Rico by Oct. 18.

San Juan de Porto Rico, Oct. 11.—Wild rumors of depredations in the western part of the island continue, but there is little foundation for them, though a certain disorderly element is still seeking the opportunity of personal vengeance.

Inquiry here as to these stories, which are of Spanish origin, shows that they are greatly exaggerated.

The American evacuation commission received an important communication from Washington and at the joint session yesterday the Americans told the Spaniards it would be necessary to complete the evacuation by Oct. 18, undertaking to supply transportation for the remainder of the Spanish troops at that date, if it should be necessary.

Dr. Huidekoper will return to Washington at the first opportunity to meet any charges. He will stand on his Chickamanga record and his work done here, which is approved by his superiors. He says he will make trouble for any unjust accusers, and is prepared to demand a board of inquiry.

SOLDIER FATALLY WOUNDED.

Jacksonville, Fla., Oct. 11.—John Corbett, Company A, First North Carolina, was shot and fatally wounded here by Clint Robinson, Company I, Fourth Illinois. While intoxicated Corbett assaulted Robinson with an air, but finally at first shot into the air, but finally had to bring Corbett down to save his own life.

Lieutenant McCoy Dead.

Vincennes, Ind., Oct. 11.—Lieutenant Charles D. McCoy, Company A, One Hundred and Fifty-ninth Indiana, is dead of typhoid fever. He was 28 years old. Burial took place today.

PENSIONS.

Commissioner Evans Defends Himself Against False Reports.

Washington, Oct. 11.—There has been wide circulation given to the story originating at the recent annual encampment of the G. A. R. at Cincinnati, that "the commissioner of pensions had called his chiefs together and instructed them to disregard totally every application based on deafness and rheumatism in the adjudication of claims for pensions." Commissioner Evans authorized the following statement:

1. No such instructions were given.
2. As to "deafness" the present medical referee of the bureau, Dr. J. F. Raub, a prominent G. A. R. man, says there has been no change in the adjudication of claims for "deafness" since Dec. 4, 1891.
3. As to "rheumatism," the present chief of the board of review, Colonel F. D. Stephenson, also a prominent G. A. R. man, says there has been no change in the adjudication of claims for "rheumatism" since he came to the bureau in 1893.
There has been no change in the laws, therefore no change in the practice during the present administration.

FARMERS WORRIED.

Wheat Has Advanced Much Too Rapidly—In Poor Condition For Winter.

Martinsville, Ind., Oct. 11.—The condition of wheat is causing the farmers considerable worry. On account of the backward frosts, it has advanced much too rapidly, and is in poor condition for the winter. Much of it was sowed early, and is now as far advanced as it should be March 1. Many farmers are struggling to pasture their wheat fields, or to mow them with a mowing machine.

Apple Famine.

Dublin, Ind., Oct. 11.—This section of the country is in a perfect famine for apples. Not for years has this fruit been as scarce as this season. A good barrel of apples would certainly command a good premium. All other kinds of fruit were plenty in their season, but are now gone.

Washington, Oct. 11.—James R. IMPORTANT MEETING

Soon to Be Held in Cuba at Which Gomez Will Preside.

SPANISH MILITARY CLUB

Going Out of Business in Havana—Portion of the Comal's Cargo to Be Distributed in Cuba's Capital—Bear Admiral Sampson Convalescing—Visiting Cuban Camps.

Havana, Oct. 11.—Louis Kempner, United States postal agent at Santiago, arrived here yesterday on his way to Washington, where he has been called on matters relating to the postal service. He reports that the concentration of Spanish troops at Cienfuegos is being actively pushed, about 1,500 men being brought there weekly from the ports between Manzanillo and Cienfuegos on the south coast.

Mr. Kempner has visited the Spanish postoffices at Manzanillo, Tunas, Jacaro and Cienfuegos, and will make a report upon their condition, suggesting radical improvements in the postal system of the island.

A meeting of great importance, it is said, will be held in a few days at some point in Havana province of all the commanding officers in the Cuban army. General Maximo Gomez will preside. The proceedings will have significance as deciding the future policy of the Cuban army in the island.

Inspecting Cuban Camps.

Advices from Cardenas received yesterday report the arrival there of Colonel Rowan and Lieutenant Parker, en route from Santiago and who have been visiting the Cuban camps on the way under a special commission from the United States government. Today they were to visit Brigadier General Carlos Rojas at Camp Varadero, leaving for Matanzas by rail in the course of the afternoon.

The Spanish military club of Havana held a meeting yesterday and resolved to dissolve. The club's furniture will be sold, one-third of the proceeds going to the public orphan asylum of Havana, and the other two-thirds to the asylum for the orphans of the soldiers of Spain.

The Red Cross steamer Antonio is expected today from Matanzas with relief supplies. All cases of destitution there have been attended to by the Comal, which has a considerable surplus remaining. A portion of the Comal's and San Antonio's cargoes will be distributed here.

Senior Perfecto Laodeste, president of the Cuban relief committee, called yesterday upon General Wade and Butler to thank them for their offer of supplies for the troops in the different Cuban camps.

The camps in the vicinity of Havana spent yesterday in celebrating the anniversary of the Cuban uprising at Yara in 1895. The evening was spent in dancing and merry-making.

Rear Admiral Sampson is feeling much better. He has been at the Hotel Trocha. The other members of the commission are in excellent health.

SANTIAGO.

Yellow Fever Practically Stamped Out of the City.

Santiago de Cuba, Oct. 11.—The health of the United States troops now in the province of Santiago has considerably improved, not more than 10 per cent now being on the sick list. Most cases are merely light malarial fevers. Yellow fever has been practically stamped out of the city by the systematic cleaning process put into operation.

For weeks Major Barbour has had 600 men engaged in carting away the filth of generations, which is burned at the crematoriums.

General Lawton is well satisfied with the soldierly qualities displayed by his men since they have been here; and all reports from other places in the province as to the behavior of the American troops are equally satisfactory.

General Wood advises investors not to come to Cuba if they intend to purchase land, as the records and archives have been left in a shocking state by the Spaniards.

A man with a little capital would do well here with a steam laundry, an American bakery or a small store with good groceries. Such enterprises could be made to pay from the very outset.

CHICAGO DAY

Celebration of the Hamilton Club of the Windy City.

Chicago, Oct. 11.—The annual Chicago day celebration of the Hamilton club was held yesterday in the Auditorium theater. Chauncey M. Depew, as guest of the club, was the principal speaker, and the great hall was packed to suffocation long before the hour set for his appearance. Around the galleries, over the boxes and on the great arch above the stage were flags and bunting, surrounding the silken coat-of-arms of the different states, while portraits of military and naval heroes were everywhere. Just previous to the introduction by President Cody of Judge Peter Grosscup, who spoke briefly, battle songs and national anthems were given by a chorus of 200 voices, assisted by the United States band and the Auditorium organ. At the conclusion of Judge Grosscup's speech Mr. Depew was introduced amid wild applause.

OUTCLASSED JACOB.

Joseph Razor Waits Sixty-Three Years For His Wife.

Lockport, Ky., Oct. 11.—Joseph Razor of this place waited 63 years for the woman he loved, or nine times as long as Jacob waited for Rachel. Razor is 86 years of age. Mrs. Martha Eddins, whom he married, is 75. Many decades ago, when Joseph was a strapping young man of 23 years, and Martha was a little country lass just passing from childhood, they went to school together and fell in love. But, though they continued to care for each other, they did not marry, at least not until the woman had tried respectively several husbands.

Mrs. Eddins, now Mrs. Razor, is known all through Henry county as "Aunt Martha." Her second husband's name was Dewey, and he was an uncle of the hero of Manila. There are still relatives of the admiral of his name living near here.

INDIAN TROUBLES

General Bacon Talks With Chief Flatmouth and Other Leaders.

Walker, Minn., Oct. 11.—The Indian council was held at the agency yesterday afternoon and was attended by Flatmouth and representative delegations. General Bacon and Inspector Tinker told the Bear Islanders that if they would give up the men for whom warrants have been issued and come in themselves they could go home. If they resisted the government would not rest till the recalcitrants have been captured and that the Bear Islanders would not then be permitted to occupy the islands again. This message reached the hostiles by runners last night. General Bacon's terms were received by the chiefs with signs of evident pleasure and they all signified their approval of them. It is believed the Pillagers will accept them.

Virden, Ill., Oct. 11.—The strike leaders have detailed 20 of their number as special policemen to watch the miners and keep them out of trouble. Five hundred miners are kept in the vicinity of the stockade, watching for the Alabama negroes who are expected. There is no disorder.

Malaria Kept Busy.

Pana, Ill., Oct. 11.—A number of striking miners went to Virden last night to reinforce the strikers there in their efforts to prevent the importation of a trainload of Alabama negroes. This was pay day for the Pana negroes, and the frequency of saloon brawls kept the militia busy. Serious trouble was prevented.

One Hundred From Springfield.

Springfield, Ill., Oct. 11.—More than 100 miners, employees of the local mines, went to Virden yesterday to lend strength to the miners' cause by their presence. Most of the men went armed. The men say they are not looking for trouble and will avert it if possible.

EZRA WHITCOMB.

MAJOR LEE, our candidate for congress is making some speeches in Bartholomew county this week.

JOSEPH SIMON, the new senator from Oregon, has for years been one of the most active republicans in that state. He is squarely in line with his party on all the great questions before the country.

It is by no means the majority of the voters of the county who will lead aid to the old ring that saddled a debt on Jackson county that is twice as large as the debt of any other county in this part of the state.

The net indebtedness of Jackson county is \$129,960 more than twice as much as any other county in this part of the state, more than any of the other counties in the southern part of the state save Spencer and Vanderburg. What have we to show for such a vast indebtedness? Is it not time that the old office holders were succeeded by men who will administer the affairs of the county in the interest of the people.

A Heavy Storm.

Prevailed here all of last night. The lightning was keen, the thunder was heavy and the rain a constant down-pour. Another rain just as heavy fell this morning making the total fall over 2 1/2 inches. It cleared away with the appearance of settled weather for a while.

Paving the Alley.

Work was begun today grading preparatory to paving with brick the alley through the block north of Second street between Chestnut street and Indianapolis avenue. The work will be pushed rapidly.

WILL DECEIVE NO ONE.

It is quite evident that the so called republican convention at Brownstown Saturday was called at the instigation of the old office holders ring at Brownstown. The slim attendance after so much personal work to get out a crowd is evidence that the methods of the ringsters will deceive no one. The men who were outwardly the most active have aided the ring before with their influence and votes and do not deny it. Their purpose now is to deceive others and thereby aid the Burrell ticket. They presume that the rank and file of their party are not shrewd enough to see through their designs, but such is not the fact. Jackson county citizenship is intelligent and not so easily deceived. The republicans of this county are wide awake and will not be thus entrapped by the old ring or its agencies. Let us work together for the overthrow of the ringsters and the triumph of the citizens' ticket.

FEARIDGE

Mrs. E. R. Reynolds is on the sick list.

Bimer Henderson and wife visited at his fathers Sunday.

Mrs. Nancy McHargue visited John Trublood Sunday.

Luther Harrell and wife visited relatives at this place Sunday.

Elder David Wright attended conference at Wray church Wednesday.

Ed. Hughes, Frank Dixon and another young gentleman from Ft. Ritner were on the Ridge Sunday.

Elder Enos Turner will preach at the Church of Christ next Saturday night, Sunday and Sunday night.

School began here last Monday week with Benj. Henderson as teacher. The two schools have been consolidated into one, which is not the best wishes of the people.

Brownstown had a sham battle and a convention of confused republicans last Saturday. They liked the citizens' ticket so well that they endorsed a part but we don't think the fusionists will be caught with that kind of bait.

Our little boy was afflicted with rheumatism in his knee; and at times unable to put his foot to the floor. We tried in vain, everything we could hear of that we thought would help him. We almost gave up in despair, when some one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave so much relief that we got a second one, and, to our surprise, it cured him sound and well.—J. T. Bays, Pastor Christian Church, Neodesha, Kan.—For Sale by C. W. Milhouse.

SOUTH DRIFTWOOD.

A great deal of corn is being cut for fodder on account of the drought.

M. B. Singer is having a new roof put on his barn in the "Pocket."

The newly sown wheat is in fine condition and a large acreage will be sown.

Omri Tuel and wife and Miss Florence Empson visited in the family of Holmes Empson Sunday.

A great many people from South Driftwood went to Brownstown Saturday to see the exhibition skirmish given by Co. G 159th Inf. U. S. V.

Subscription papers are being circulated to obtain money to aid in bringing the body of Edward Walker here for burial. His identity will be proven beyond a doubt by so doing.

The reorganization of the Sunday school resulted in the selection of the following officers: Supt. John F. Wright assistant Supt., F. M. Thompson; sec., Sallie Waskom; treas. Curtis Brewer.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am, gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by W. F. Peters Drug Store.

We are glad to see Ezra Whitcomb's name on our ticket. Mr. Whitcomb is an honorable upright business man.

After a week's suffering Clifford, the one year old son of Silas Wright, died Sunday night, Oct. 9.

Farewell to the little friend. We miss you from the home; But where you are, life doesn't end And sorrows never come.

Parents, we share your sorrow. For the little one you miss. And hope with you for that Tomorrow, In a better world than this.

Spreads Like Wildfire.

You can't keep a good thing down. News of it travels fast. When things are "the best" they become "the best selling." Abraham Hare a leading druggist of Belleville, O., writes: "Electric Bitters are the best selling bitters I have ever handled in my 20 years experience. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by Wm. F. Peters, Druggist.

EAST GRASSYFORK.

Farmers are still sowing wheat.

Andrew Briner will move to Illinois soon.

Mrs. Frank Huxtable, after a protracted visit to her parents has returned to her home at Connersville.

O, Ye of Little Faith

But when an honest man 65 years of age and who has lived in our city for thirty years and owns his own property speaks, we must give ear to his words and have faith in what he recommends. For that reason we publish for the benefit of Seymour people the statement of Mr. A. B. West, 23 North St., Saginaw, Mich., as follows: "My back was very lame, was quite nervous at times, and my general health was seriously impaired. Some time ago I was induced by Morrow's Kid-ne-olds of which I had heard a great deal, and I procured the remedy. I had not much faith in it as I had previously tried a large number of kidney pills and kidney remedies without any particular benefit but I want to say that I got simply wonderful relief within two days after commencing the use of Kid-ne-olds and that I am now entirely cured.

I regard my case as severe test of the medicine, as so many others have failed me. My advice to kidney sufferers is to give Morrow's Kid-ne-olds a thorough trial and find relief as I did."

Mr. West had no faith at first but the assurance of his friends induced him to try one more. The result is given above. Let Mr. West be your friend and if you suffer with backache, sleeplessness, nervousness, etc. take his advice and use Morrow's Kid-ne-olds and get cured. Mr. West is a grateful man and will be glad to write you how much benefited by the use of Morrow's Kid-ne-olds. If you will enclose a stamp for reply Do not confound Morrow's Kid-ne-olds with any kind of kidney pills; they are not pills at all but yellow tablets which are put up in wooden boxes and sold at 50 cents. Morrow's Liverlax are very small red pellets and cure constipation; they sell at 25 cents a box. Both of these remedies are for sale by all first class druggists and at Alpha Cox Drug Store or will be mailed by the manufacturers on receipt of Price: John Morrow & Co., Cincinnati, Springfield Ohio.

Old fashioned dress may be revived, but no old-fashioned medicine can replace Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by C. W. Milhouse.

PLEASANT GROVE

Levi Anderson has purchased the William Gross farm.

Rev. Shroyer preached to a crowded house last Sunday night.

Honeytown was well represented at church here Sunday night.

John Carr has moved on Curt Robertson's farm near Corland.

Mrs. Rachel McNiece is visiting her son, John Hays at Vincennes.

Dale Owens and Clem Lanier are building Mrs. Lizzie Wilcox's barn.

Attendance at Sunday school last Sunday was 49; collection 27 cents.

Charley Hays departed for his home at Bellaire, Ohio, last Saturday week.

Rev. J. L. Shroyer is back for another year. He is the right man in the right place.

Miss Emma Pifer returned to Indianapolis last Sunday after several days visit with her parents.

Our wideawake contractor, Dock Cornett has just completed a commodious residence for Hoyt Allison.

Ellsworth Richards has concluded to move to Little Rock, Ark., where he has a number of near relatives.

Ed. Coloway and wife, of Illinois, were here on a short stay last week. Mr. Coloway formerly resided in this vicinity.

The fusion candidates have begun to shake the bushes. All other office-seekers stand trembling while gazing at the hand writing on the wall.

The Honeytown Hummer seems to have gotten on the political editorial staff of the Brownstown Banner with orders to save the old ring if possible.

No road tax has been levied in Brownstown township this year and the side track highways are entirely neglected unless they point direct to the old Hub.

The Honeytown Hummer is losing his grip even on Honeytown as the citizens' ticket is working with the force of a cyclone. Get ye ready Mack for a trip up the briny stream.

The REPUBLICAN of last week broke its previous record for general news. Its readers can plainly see that anything in the news line that escapes Daniel Helper Brown is not worth catching.

In looking through the Banner we see the Hummer has made a violent attack on trustee E. R. White who has employed Miss Lottie Rust, one of the very best teachers in that township for that school. Mr. White is a clean official whose record is far beyond reproach.

The drill given by Co. G, at Brownstown last Saturday was extra good. The sham battle was an exciting picture of war and its carnage and was viewed by a large concourse of people. The company is having a grand good time during their 30 days furlough, but the time is near when they must bid goodbye again to loved ones. Their military future's unknown as they may go to the Philippines, 9,000 miles in the far off east. The boys are well disciplined and ready to do their duty whenever called. Capt. Ralph Applewhite is a shrewd commanding officer, so say the old veteran soldiers of '61 and '65.

An Eloquent Speaker.

True eloquence was voiced by John Speaker, of Catawba, O., when he says: "I had five large fever sores on my leg four years, and tried five doctors without benefit. All said I could not be cured, but I fooled them by curing myself with one bottle of Electric Bitters and one box of Bucklen's Arnica Salve." Electric Bitters is the greatest blood purifier known. It gently stimulates the stomach, liver, kidneys and bowels, so that poisonous matter can not remain in the system. It cures dyspepsia, malaria, constipation, nervousness, aids digestion, improves appetite, increases strength, gives new life. Prices 50 cents. Sold by Wm. F. Peters, Druggist.

Excursion to Indianapolis.

You can go to Indianapolis next Sunday for 75 cents. Excursion train leaves Seymour via Pennsylvania line at 9:21 a. m. central time. Returning leaves Indianapolis at 6 p. m., Oct. 16. Geo. D. Williams, Agent, Seymour, Ind.

Sympathetic Husbands.

The sympathetic tenderness of a loving husband is everything to an expectant mother, especially during her first ordeal. George Layton, Esq., a prominent druggist of Dayton, O., gives the following case:

A customer of mine, whose wife has used four bottles of "Mother's Friend" before confinement, says, after seeing the effects of the remedy, that if she had to go through the ordeal again, and there were but four bottles on the market, and the cost was \$100 per bottle, she would have them.

"Mother's Friend" is a scientifically compounded liniment which affords certain relief in the various ailments preceding childbirth, and assures proper elasticity to the cords and muscles involved in the final ordeal.

"Mother's Friend" is sold by druggists, or expressed on receipt of one dollar.

Valuable book, "Before Baby is Born," mailed free on application. THE BRADFIELD REGULATOR CO., Atlanta, Ga.

CHURCH NOTES.

Rev. S. H. Huffman went today to Peru on important Sunday school work.

Elder H. C. Jackson, of Charlestown, who has ministered faithfully to the good people of R-dington for fourteen years has consented to serve them another year.

Elder H. C. Patterson had a very fair audience to hear him Sunday night at Armory Hall. His text was from 2nd Chron. 30 and 1-31-33. He showed very plainly the necessity of holding protracted or revival meetings. His sermons contain just enough spice to prevent them from becoming tiresome and yet contain a wonderful amount of good solid logic and sound reasoning. Brother Patterson certainly is a wonderful reasoner. He has come to stay to a finish. His subject last night was "What I am here for" and was heard with interest and profit by all present. Hear him at Armory Hall tonight.

A LETTER.

DEAR BRO. JONES: Your letter and one from Bro. Camp received. I saw Bro. Patterson Friday p. m. on his way to Seymour. My heart has never been more bound up in the success of a meeting than in this one. Bro. Patterson appears to be at his best, but the success of the meeting will depend on the hustling ability of the membership during the day in getting out crowds for the night till the meeting is started, after which Bro. Patterson can hold them. Everything depends on so organizing so as to give everybody something to do, and the finance will depend largely on that also. Then run the meeting till it is finished. The only complaint that I have ever heard of Bro. Patterson's meetings is the one heard against John A. Logan in war, the moment of victory is the point at which he sometimes quits. Just as the enemy is thrashed he some times calls off the forces. Run this meeting to a finish. No truer man ever preached a sermon than Bro. Patterson. Hold him down till the meeting is in full swing, then order the general charge, and "there'll be a hot time in the old town" before he gets done.

STATE HOUSE WELL

Dr. Hurty Pronounces the Water Unfit to Drink.

NICKUM CASE POSTPONED

Perpetual Light Man Will Not Be Tried Until the Next Term of Federal Court. Shot in a Scuffle—Paid the Amount Involved—New Incorporations—Other State Happenings.

Indianapolis, Oct. 11.—Secretary Hurty of the state board of health has given to the governor a sanitary analysis of the water from the driven well in the state house. It is as follows:

"This water contains four times the amount or normal chlorine for deep waters. It also carries the full limit of albuminoid ammonia and nitrates, and in addition contains suspicious bacteria. It at times possesses a distinct taste and smell. The amount of mineral matter is about twice that which is allowable for a wholesome drinking water. These facts warrant the statement that this water is not wholesome and, therefore, should not be used for drinking purposes."

CASE POSTPONED.

S. B. Nickum's Trial For Alleged Improper Use of Mails.

Logansport, Ind., Oct. 11.—The case of S. B. Nickum will not be taken up until the next term of the federal grand jury. The inventor is improving the time by selling territory rapidly. The action of his three attorneys in investing in territory is regarded as significant by many. Attorneys Lairy & Mahoney and John Lairy have been the legal advisers of Nickum during his preliminary bout with the postal authorities, and as it becomes generally known that the lawyers are backing their client, confidence in his claims is once more growing.

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a annoying sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing or us a bottle of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night, and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hannick & Co., of Shelby, N. C. Trial bottle free at W. F. Peter's drug store. Regular size 50c and \$1.00. Every bottle guaranteed.

Sunday Trains on the Southern Indiana.

Some persons are under the impression that the Sunday trains on the Southern Indiana road will be discontinued at the close of the summer excursion season. Such is not the case.

The Southern Indiana railway's popular Sunday train service at excursion rates, has proven to be a great accommodation to parties along that road and the management, ever alive to the interests of its patrons, will continue to run Sunday trains, taking changes in the schedule from time to time, as are best calculated to take care of its local travel.
